EXECUTIVE ORDER NO. 2020-24

**RELATIVE TO DECLARING
PANDEMIC CONDITION OF READINESS
("PCOR") 3**

WHEREAS, on March 14, 2020, I, Lourdes A. Leon Guerrero, *I Maga'hågan Guåhan*, Governor of Guam, acting pursuant to the power provided by the Organic Act and the laws of Guam, declared a public health emergency in the island of Guam due to the potential dangers posed by the 2019 novel coronavirus ("COVID-19"); and

WHEREAS, Guam has adopted a system of readiness, known as the Pandemic Conditions of Readiness ("PCOR"), that guides decision-making for purposes of coordinating health and safety responses, imposing restrictions on activities, and directing government services; and

WHEREAS, on May 8, 2020, pursuant to Executive Order No. 2020-14, I declared Guam to be in PCOR 2; and

WHEREAS, since moving into PCOR 2, based on data provided by the Department of Public Health and Social Services ("DPHSS") and the Guam National Guard through the Guam State Surgeon Cell, we have expanded testing services as well as the re-opening of non-essential activities, and yet we have maintained a low rate of positive COVID-19 tests; and

WHEREAS, after consultation with DPHSS, the Guam State Surgeon Cell, my Physicians Advisory Group, and the Guam Recovery Panel of Advisors, I am confident that we have made progress sufficient to permit additional non-essential activities to recommence and non-essential businesses to reopen; and

WHEREAS, under the PCOR system, trigger points for determinations to move from PCOR 2 to PCOR 3 include a sustained average of less than ten percent (10%) test positivity over a twenty-eight (28) day period, the capacity to test all people with COVID-19 symptoms, and the continued capacity to conduct monitoring of all COVID-19 cases and trace their contacts; and

WHEREAS, DPHSS has developed a robust system for contact tracing and is actively monitoring and tracing all COVID-19 cases; and

WHEREAS, with continued appropriate social distancing, disinfection and personal hygiene measures, and occupancy limitations, an increased number of public activities and re-opening of businesses that are not deemed essential, can operate in a reasonably safe manner; and

ISLAND OF GUAM
OFFICE OF THE GOVERNOR
HAGÁTÑA, GUAM 96932

WHEREAS, in-person education is critical to the overall well-being of our children and our success as an island, and our schools provide many vital services in addition to academic learning, that promote the well-being of students and families alike, including nutrition, socialization, counseling, and activities; and

WHEREAS, given our coordinated efforts at managing and containing the COVID-19 crisis, as individuals and as an island, which have resulted in consistently low positivity rates notwithstanding the progressive and deliberate reopening of non-essential activities, it is important, prudent, and timely to reopen our schools; and

WHEREAS, school openings must be consistent with safety precautions and guidelines developed by DPHSS, which are based on the most current available resources nationally and locally to ensure our schools provide an environment that is conducive to learning while providing for the continued safety of our island's children and their families; and

WHEREAS, our schools will be required to observe standards for social distancing, the wearing of masks, and the use of hand sanitizers, and vigilant disinfection of surfaces, all of which have demonstrated, widely-accepted impact on curbing the spread of COVID-19; and

WHEREAS, on June 2, 2020, I signed Executive Order No. 2020-19, which authorized DPHSS to develop and adopt temporary guidance policies for the purpose of allowing for the safe importation, distribution, and sale of specific COVID-19 related commodities under local law; and

WHEREAS, the guidance developed by DPHSS pursuant to its authority under Executive Order No. 2020-19 has allowed our island community to address shortages in critical supplies of personal protective equipment; and

WHEREAS, the express authorization granted to DPHSS in Executive Order No. 2020-19 expired on July 15, 2020 and it is necessary to extend this authorization to allow DPHSS to continue its work ensuring the safe importation, distribution and sale of critical COVID-19 related commodities; and

WHEREAS, the current public health emergency declaration is scheduled to expire on July 30, 2020; and

WHEREAS, notwithstanding the progress made in containing spread of the COVID-19 infection in Guam, it is clear that the circumstances that necessitated extension of the public health emergency will continue beyond July 30, 2020 and that an extension of the public health emergency is appropriate; and

NOW, THEREFORE, I, LOURDES A. LEON GUERRERO, *I Maga'hågan Guåhan*, Governor of Guam, by virtue of the authority vested in me by the Organic Act of Guam, as amended, do hereby order:

ISLAND OF GUAM
