EXECUTIVE ORDER NO. 2021-03

**RELATIVE TO EXTENDING THE PUBLIC HEALTH EMERGENCY
DECLARED TO RESPOND TO NOVEL CORONAVIRUS (COVID-19)**

WHEREAS, on March 14, 2020, I, Lourdes A. Leon Guerrero, *I Maga'hågan Guåhan*, Governor of Guam, acting pursuant to the power provided by the Organic Act and the laws of Guam, declared a public health emergency in the island of Guam due to the potential dangers posed by the 2019 novel coronavirus ("COVID-19"); and

WHEREAS, those potential dangers were realized on March 16, 2020, when we identified our first three (3) cases of COVID-19; and

WHEREAS, since first declaring a public health emergency, Guam has suffered One Hundred Twenty Nine (129) COVID-19 related deaths in our community; and

WHEREAS, as of the time of this writing, over Seven Thousand Five Hundred (7,500) individuals have tested positive for COVID-19 in Guam; and

WHEREAS, as of the time of this writing, Guam has a 7-day rolling average of 4.3 positive cases per one hundred thousand (100,000) persons daily, and a test positivity rate of approximately two percent (2%); and

WHEREAS, as of the time of this writing, eight (8) COVID-19 positive patients are hospitalized, including two (2) in intensive care; and

WHEREAS, on January 14, 2021, I declared Guam to be in Pandemic Condition of Readiness ("PCOR") 2 under our readiness system, during which most activities are permitted to operate under moderate restrictions; and

WHEREAS, the Department of Public Health and Social Services ("DPHSS"), as the Public Health Authority, has issued and implemented Guidance Memoranda and Directives by which it continues to administer a comprehensive quarantine policy for incoming travelers; and

WHEREAS, DPHSS has also issued several Guidance Memoranda and Directives aimed at establishing parameters for the safe operation of businesses, organizations, houses of worship, government offices, schools and other activities; and

WHEREAS, since June, Guam has relied on the Covid Area Risk ("CAR") Score to assess risk of COVID-19 spread, which is calculated using three main data points -- case doubling time, test positivity rate, and new cases per 100,000 persons; and

WHEREAS, the Guam National Guard's Surgeon Cell and the Physicians' Advisory Group have recommended that safe commencement of additional public activities on Guam

ISLAND OF GUAM
OFFICE OF THE GOVERNOR
HAGÁTÑA, GUAM 96932
U.S.A.

be conditioned on achievement of a CAR Score of five (5) or below for a sustained period of time; and

WHEREAS, on November 14, 2020, Guam's CAR Score reached a high of 47.4; and

WHEREAS, this spike coincided with those experienced around the country and the world, and which continue to persist in many areas, particularly in the continental U.S.; and

WHEREAS, following a series of community testing events, the deployment of DPHSS rapid engagement teams to highly vulnerable communities, and the adoption of Enforcement Regulations by DPHSS, as of the time of this writing, Guam's CAR Score is 0.4, and has been below two (2) for more than seven (7) weeks; and

WHEREAS, we are now engaged in a phased effort to vaccinate our population, which is developed by DPHSS in consultation with the Vaccination and Antiviral Prioritization Policy Committee, and have administered more than twenty two thousand (22,000) doses of the COVID-19 vaccine thus far; and

WHEREAS, as science has allowed us to better understand how to mitigate against transmission and mitigation measures have become normalized, public services can now be provided safely for both employees and customers.

NOW THEREFORE, I, LOURDES A. LEON GUERRERO, I Maga'hågan Guåhan, Governor of Guam, by virtue of the authority vested in me by the Organic Act of Guam, as amended, do hereby order:

- 1. EXTENSION OF THE PUBLIC HEALTH EMERGENCY.** The public health emergency first declared in Executive Order No. 2020-03 and extended in Executive Order Nos. 2020-09, 2020-11, 2020-16, 2020-22, 2020-24, 2020-29, 2020-35, 2020-38, 2020-41, and 2020-46 shall be extended for an additional thirty (30) day period, effective January 30, 2021. The public health emergency is now set to expire on March 1, 2021.
- 2. PANDEMIC CONDITION OF READINESS 2.** Guam continues to be in PCOR 2, during which most activities are permitted to operate under moderate restrictions imposed in an effort to slow the spread of COVID-19 in our community.
- 3. "SAFER AT HOME" ADVISORY.** Guam continues to be under a Safer at Home Advisory, during which all individuals, especially vulnerable persons, are encouraged to minimize travel outside the home. When it is necessary to leave the home, all persons are instructed to exercise mitigation measures outlined in applicable DPHSS Guidance Memoranda, to help slow the spread of COVID-19. "Vulnerable persons" means individuals aged sixty five (65) years and older or individuals with serious underlying health conditions, including high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune system is compromised such as by chemotherapy for cancer and other conditions

HAGÁTÑA, GUAM 96932
U.S.A.

requiring such therapy. Individuals are highly encouraged to be vaccinated as they become eligible under the phased approach adopted by the Vaccine and Antiviral Prioritization Policy Committee.

4. **SOCIAL GATHERINGS OR CONGREGATIONS.** A “congregation” or a “social gathering” is a meeting for a common and singular purpose of more than one (1) person where individuals are not members of a single household. Effective at 8:00AM on February 1, 2021, social gatherings and congregations shall be limited to **no more than twenty-five (25) persons**. The terms “social gathering” and “congregation” are not intended to include meetings of businesses, organizations, or government agencies held for the purpose of carrying out official business of such entities.
5. **COVID-19 RESPONSE DIFFERENTIAL PAY.** Effective February 1, 2021, Category 2 of the COVID-19 Response Differential Pay plan established in Executive Order No. 2020-08 shall expire. Government of Guam employees not otherwise eligible for Category 1 shall be compensated at their regular rate of pay. Effective February 1, 2021, the differential for employees eligible under Category 1 shall be reduced to ten percent (10%).
6. **ENFORCEMENT.** Individuals and businesses who fail to comply with applicable DPHSS Guidance Memoranda and Directives may be subject to fines pursuant to 10 G.C.A. §19802 and 26 GAR Chapter 4 Article 28, as well as any other penalties available under Guam law. DPHSS and affected agencies may enforce applicable enforcement statutes and regulations with the assistance of the Guam Police Department.

As reflected in 26 GAR Chapter 4 Article 28, fines may be imposed for violations of various mandates in applicable DPHSS Guidance Memoranda, including, but not limited to, regulations related to social gatherings, social distancing and the wearing of masks, occupancy limitations, and the requirement that certain businesses keep logbooks or written records of guests. Individuals and businesses should ensure compliance with DPHSS Guidance Memoranda to avoid penalties for violations thereto.

7. **SEVERABILITY.** If any provision of this Executive Order or its application to any person or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this Order that can be given effect without the invalid provision or application, and to this end, the provisions of this order are severable.
