PROCUREMENT POLICY OFFICE

RESOLUTION 2023-001

5 GCA §5101 created the Procurement Policy Office (PPO). §5102 gives the PPO the authority and responsibility to promulgate regulations, consistent with [Chapter 5] governing the procurement, management, control and disposal of and all supplies, services and construction to be procured by the Territory.

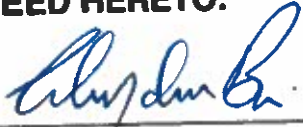

WHEREAS,

1. Procurement of goods and services which are funded by federal services is not subject to Guam Budget Law and expiration of funding at the end of each fiscal year;
2. The terms and conditions of each federal grant determine the expiration date for commitment and liquidation of procurement funded by the grant;
3. It is advantageous to align purchase order expiration dates with the dates determined by associated federal funding.

IT IS RESOLVED

1. That purchase orders which utilize federal funding expire at the earlier of exhaustion of funds or expiration date of federal funding which may be extended by federal grantors;
2. Department of Administration / General Services Agency is instructed to extend expiration dates of purchase orders which are federally funded to their expiration date of the funding, as extended.

AGREED HERETO:
